

Psychsoft: technology for real people

About PsychSoft: Technology for real people

- ★ We try to understand your needs and explain things in everyday language
- ★ We have a highly experienced and educated staff, but we have lots of real world experience, too
- ★ We listen to you and put you first, not try to “sell” you
- ★ We make it simple for you to get the right advice so you get exactly what you need to achieve your goals
- ★ We have lots of experience in helping folks like you get the right solution
- ★ We will help you do it yourself or, if you prefer, we can do it for you
- ★ Whether by Phone, On site visits, or E-mail, we are here to help you
- ★ And if we don't know how, we'll tell you, then find someone who can

- ★ We have over 90,000 individual items, so we have lots of stuff to help you succeed
- ★ We know Linux, Unix, Windows, Novell, VMS, Oracle, DB2, SQL, to name a few, how to make them secure and how to make them work together
- ★ We treat you as a person, not a number
- ★ We manufacture our own line of quality High End PCs, 64 bit Graphics Workstations, Digital Signage PCs and Supercomputers

So, if you're feeling a little overwhelmed, like you have the weight of the world on your shoulders, give us a ring. We have plenty of TechnoWizards here to help. Hey, it worked for Frodo.

PsychSoft, Inc.
P.O. Box 232
North Quincy, MA 02171
Voice: 617 471 8733
